***Delegate of the first year, third promotion EFA+ of Mokolo (Cameroon)***

According to the note sent by Kamibai Daniel, Cameroon EFAs, we are deeply sorry to inform you of the death of the student Dairou Simon, pupil of the EFA of Mokolo, assassinated during an attack of the terrorist group Boko-Haram the night of April 8<sup>th</sup> 2017, in the village Ganay, district of Mora.

Such an event plunges us into consternation, but the conviction that the work done in the EFA is a great tool for the construction of peace and solidarity between the young people gives us the necessary courage and urges us to continue, even more intensely in this formative task.
